Re: Engineering Fee Proposal (Rev.)
Westminster Choir College
Boiler Replacements

Dear Ms. Stockton,

M&E Engineers, Inc. (M&E) is pleased to submit this proposal to provide engineering services to design two new steam boilers to replace those that have failed at the above-referenced facility. This central steam plant provides heat for Williamson Hall, Erdman Hall, Taylor Hall and Bristol Chapel, through an underground steam distribution system.

As discussed, steam boilers over 100 Horsepower (Hp) require the supervision of a Black Seal Engineer at all times that the building is occupied. However, the New Jersey Department of Labor requirements for Boilers, Pressure Vessels and Refrigerating Plants N.J.S.A. 34:7-1(6) and NJAC 12:90 Exception 6 alleviates this strict requirement by adding an automatic safety control system. We propose to include the design of a safety control system with the boiler replacement design package.

SCOPE OF SERVICES

- M&E will utilize the existing documentation, particularly the boiler replacement project from 2005 to establish existing conditions and equipment sizing.
- M&E will conduct site visits to document the existing conditions.
- M&E will meet with the architect and planning consultants involved with the campus.
- M&E will provide a design layout and plans for the replacement boilers and associated ancillary equipment and piping.
- M&E will design an automatic safety control system that complies with ASME CSD-1 (Controls and Safety Devices for Automatically Fired Boilers).
- M&E will prepare construction documents and specifications for bidding, permit application and construction.
- M&E will attend a site visit with bidders, review bids and make a recommendation for award.
- M&E will provide construction administration services, including review of submittals, responding to reasonable RFI's, attend periodic progress meetings, perform a final inspection and issue a punch list.

STIPULATIONS

- M&E will verify existing conditions by visual observations only and have not included demolition to expose hidden conditions, any testing or site utility location services.
- M&E shall have no control or charge and/or responsibility for construction means, methods, techniques, sequences, or procedures, for safety precautions and programs in connection with the work, for acts or omissions of the contractors, subcontractors or other persons performing any of the work, or for failure of any of them to carry out the work in accordance with construction documents.
- The scope of services is limited to those specifically expressed herein. M&E will provide the services described in this proposal in accordance with the generally accepted standards of the profession. Work shall be performed under the supervision of a licensed Professional Engineer. No warranty is expressed nor implied.
- Electrical work is limited to reconnecting new burners and controls to the existing electrical distribution system.
- Some of the requirements for approval under Exemption 6 must be completed by the Operating Engineer and/or Boiler Operator in charge. M&E is not performing any of their respective duties.
- M&E cannot guarantee approval of the Exemption by the State Board.
- Structural review and design are NOT included.
- Hazardous Materials identification and abatement are NOT included.
- Permit applications are NOT included.
- Commissioning is NOT included.

FEES & PAYMENTS

We propose to perform the services as described above for a lump sum fee of **Forty-Nine Thousand Nine Hundred Twenty-Five Dollars (\$49,925.00)** for services as listed herein. The fee is based on the following estimate based on the tasks describe above:

Title	Hours	Rate	Total
Senior Principal	65	\$245.00	\$ 15,925.00
Associate Principal	40	\$230.00	\$ 9,200.00
Senior Engineer	0	\$200.00	\$ 0
Project Engineer	160	\$155.00	\$ 24,800.00
Staff Engineer	0	\$135.00	\$ 0
TOTAL	265		\$ 49,925.00

Expenses such as travel and reproduction of documents are included in the fee. Invoices will be issued monthly according to the progress of the work and are due within net 30 days.

CONTRACT FORM

Services shall be performed in accordance with the terms of the 'Agreement for Professional Services' document provided by Princeton under our previous contract. M&E Engineers maintains General Liability, Excess Umbrella, and Professional Services Insurance coverage, and will issue certificates upon request.

We thank you for the opportunity to present this proposal and look forward to being of service.

Very Truly Yours,

William Amann, P.E., DCEP, LEED Fellow
President
