MEMORANDUM

To: Mayor and Council

From: Tim Vanatta, Fleet Supervisor

Subject: Police vehicle purchasing

Date: April 14, 2025

Attached for Mayor and council review is a resolution requesting authorization to purchase replacement vehicles for the police department. The vehicles will be Ford police interceptor utilities, purchased through an awarded vendor on New Jersey State Contract T2776, or through an awarded vendor on ESCNJ contract 23/24-11 not to exceed the budgeted amount. Due to a volatile market, and uncertainty about when order banks will open and close, we are requesting to move forward with purchases when the opportunity arises. This action will hopefully reduce any chance of missing an opportunity to place orders. Please contact Tim Vanatta, Fleet Supervisor, with any questions and or concerns. Thank you
